Solutions in Action

Our energy insights solution, Panoramic Power, uses wireless, self-powered sensors coupled with PowerRadar, our cloud-based analytics platform, to provide insights into how you are using your energy. Combined with our knowledge and expertise, we give you the power to manage your energy consumption right down to device level and across your entire site.

SNAP · CONNECT · ANALYSE · SAVE

INSTALL SENSORS QUICKLY WITHOUT DISTURBING OPERATIONS.

Monitoring your energy-using assets can deliver much more insight than just how much energy your equipment is consuming.

Wireless sensors feed data into a cloud-based platform to:

-  Monitor usage
-  Analyse performance
-  Detect maintenance issues and prevent downtime
-  Help you optimise your energy usage

THIS WILL PROVIDE INTELLIGENCE INTO PROCESSES THAT CAN HELP YOU IMPROVE FACILITY PERFORMANCE.
